Description

Adobe Capture is a mobile application that allows users to convert photos taken with their camera into design assets. The app transforms images into scalable vectors, color palettes, custom brushes, patterns, and 3D materials, which can then be used in other Adobe applications such as Photoshop, Illustrator, Premiere Pro, and Dimension. Adobe Capture enables the creation of design resources on the go, making it a powerful tool for graphic designers, illustrators, and content creators who want to capture inspiration anywhere. Additionally, it integrates with Adobe Creative Cloud, facilitating the synchronization of created assets across devices and applications. It is ideal for those seeking a quick and creative way to generate visual resources from their surroundings.

This product includes a license linked to your user account. Duration: three months, for one PC per license.

Compatibility:

Adobe Capture Requirements:

Operating System:

- iOS: Requires iOS 14.0 or later. Compatible with iPhone, iPad, and iPod touch.
- Android: Requires Android 6.0 (Marshmallow) or later.

Processor:

- Depends on the mobile device. Newer processors will provide a smoother experience.

RAM:

- Minimum: 2 GB of RAM.
- Recommended: 4 GB or more for more efficient capture and image processing.

Disk Space:

- Depends on the files created and stored on the device. It is recommended to have sufficient free space to store patterns, colors, brushes, and shapes.

Internet Connection:

- Required for synchronization with Adobe Creative Cloud to save and access captured assets.

Delivery:

After purchase, we will send you a link to link your account to the Adobe Capture subscription.

Company:

Based in Hong Kong, 3Clicks International Limited reaches customers worldwide, offering original products that activate seamlessly, no matter where you are. We accommodate requests for invoices or quotes, ensuring our global clientele receives tailored support
