Description

Office 2016 Professional Plus is a version of Office that precedes Office 2019, which, like the latter, is perpetual with no expiry date.

It includes the main Office programs: Word, Excel, PowerPoint, Outlook, Access, Publisher, and OneNote.

Office 2016 is the ideal solution for individuals who do not have Windows 10 but wish to avoid paying for an Office 365 subscription.

Recommended for:

- Individuals who have already installed Office 2016 without a license and wish to activate it.
- Individuals or businesses with software incompatible with Office 2019.
- Businesses looking to purchase a single version of Office for all their devices, whether they are Windows 10 or earlier.
- Individuals who prefer this version of Office and do not wish to upgrade to a more modern version.

Compatibility and Operating Systems:

Office 2016 is compatible with all Windows versions starting from Windows 7.

For Mac and mobile users, Office 365 is recommended.

For users with Windows XP or Vista, Office 2010 is recommended.

Its system resource consumption level is similar to Office 2019, with not much difference between the two.

Product Delivery:

This product is provided as a 25-digit digital license code. After making your payment, an email will be sent to you containing the activation code and instructions. The email will include a manual to guide you through the installation process easily, using the official system provided by the manufacturer.

Based in Hong Kong, 3Clicks International Limited reaches customers worldwide, offering original products that activate seamlessly, no matter where you are. We accommodate requests for invoices or quotes, ensuring our global clientele receives tailored support.
