Description

Adobe InCopy is a professional writing and text editing tool designed to work alongside Adobe InDesign. It is mainly used by writers, editors, and publishing teams to collaborate efficiently on editorial projects. InCopy allows editors to work on the content of a document while designers adjust its appearance in InDesign without interfering with the layout. It offers three viewing modes: text view, galley, and layout, making it easier for users to edit and adjust content without affecting the final format. InCopy includes advanced text editing features, version control, and change tracking, making it an ideal tool for large publishing projects, such as books, magazines, and extensive documents that require collaboration between design and writing teams.

This product includes a license linked to your user account. Valid for three months, for one PC per license.

Compatibility:

Adobe InCopy Requirements:

Operating System:

- Windows 10 or later (64-bit versions only).
- macOS 11 (Big Sur) or later.

Processor:

- Minimum: Intel or AMD processor with 64-bit support.
