Description

Windows Server is the version of Windows tailored for use in server environments. These versions, while based on Windows, feature enhanced security and characteristics aimed at continuous and remote use.

Windows Server Standard is the most commonly used version of Windows Server, as it includes the essential components needed for the server to operate. This license digitally and originally activates the Windows Server base system.

Recommended for:

- Businesses requiring a Windows-based server rather than a Linux-based server.

Compatibility:

Windows Server is compatible with all professional servers on the market. It will also be compatible with the vast majority of standard desktop PCs.

Product Delivery:

This product is provided as a 25-digit digital license code. After making your payment, an email will be sent to you containing the activation code and instructions. The email will include a manual to guide you through the installation process easily, using the official system provided by the manufacturer.

Company:

Based in Hong Kong, 3Clicks International Limited reaches customers worldwide, offering original products that activate seamlessly, no matter where you are. We accommodate requests for invoices or quotes, ensuring our global clientele receives tailored support.
