Description

Adobe Lightroom Web is the cloud-based version of Lightroom, designed to access, edit, and organize photos from any device with a web browser. Being cloud-based, it requires no installation and allows automatic synchronization of your photos and edits with the desktop and mobile versions of Lightroom. Ideal for photographers who want to edit images on the go, Lightroom Web offers essential editing tools such as exposure adjustments, cropping, filters, and color correction, enabling photo enhancement without the need for installed software. It also allows sharing photos and albums directly from the web, facilitating collaboration and remote access to your photo libraries.

This product includes a license linked to your user account. It has a one-year duration, valid for one PC per license.
