Description

With this program, you can read NTFS files on Mac, allowing you to mount and unmount Windows NTFS volumes from the Mac menu bar. NTFS is used to organize data on USB drives in Windows, and if you need to read them on a Mac, with EaseUS NTFS for Mac, you can do so.

Recommended for:

Individuals or technicians who need to carry their Windows portably on a USB drive or need to create a bootable USB for Mac devices or computers that won't start on their own.

Compatibility and Operating Systems:

macOS 13 - macOS 10.13

Product Delivery:

Both the purchase and the delivery and installation are done digitally. You can download the program from easeus.com and enter the code we provide to activate the program.

Company:

Based in Hong Kong, 3Clicks International Limited reaches customers worldwide, offering original products that activate seamlessly, no matter where you are. We accommodate requests for invoices or quotes, ensuring our global clientele receives tailored support.
