Description

This version supports Windows Server and centralized management. It features SQL/Exchange restoration. Clone, upgrade, or transfer your files with ease using EaseUS Todo Backup Server. This program allows you to back up all data and settings from a partition or from all the hard drive partitions, so you don't have to worry about data corruption on your company's devices. It provides tools for your Windows Server backup and PXE network booting. Disk cloning and OS migration to SSD/HDD are also supported.

Recommended for:

Businesses, technicians, or professionals who need to protect their server data and then restore their files instantly (backup must be previously done with the same program) for a year. If you require a permanent version of the program, please review the product: EaseUS Todo Backup

Advanced Server (Permanent).
