Description

This version supports Windows Server and centralized management, featuring SQL/Exchange restoration. Clone, upgrade, or transfer your files easily with EaseUS Todo Backup Technician. With this program, you can back up all data and settings from a partition or all the disk's partitions, ensuring you never have to worry about data corruption on your company's devices. It provides tools for backing up Windows Server and network boot via PXE. Disk cloning and OS migration to SSD/HDD are supported. This version includes unlimited technical support and reinstallation on different devices.

Recommended for:

Businesses, technicians, or professionals who need to protect their server data and then instantly restore their files (after backing them up with the same program) for two years. If you need a permanent version of the program, please review the product: EaseUS Todo Backup Technician (Permanent).
