Description

This version supports Windows Server and centralized management. It features SQL/Exchange restoration. Clone, update, or transfer your files with ease using EaseUS Todo Backup Technician. With this program, you can back up all the data and settings from a partition or from all the hard drive partitions, ensuring your company’s data integrity even in the event of corruption.

It provides tools for backing up Windows Server and PXE network boot. Disk cloning and OS migration to SSD/HDD are also supported.

Recommended for:

Businesses, technicians, or professionals who need to protect their server data and then restore their files instantly (after backing up with the same program) for a year. If you require a permanent version of the program, please review the product: EaseUS Todo Backup Technician (Permanent).
