Description

[This product is no longer sold separately. If you wish to purchase it, it is included in Adobe Creative Cloud All Apps: click here to buy.](#)

Adobe Photoshop is the most widely used image editing and manipulation software worldwide. Its versatility makes it suitable for a wide range of tasks, from photo retouching and image restoration to creating complex compositions, digital art, graphic design, and more. Photoshop primarily works with raster (pixel-based) graphics but also supports some vector elements. It is an essential tool for photographers, designers, digital artists, and marketing professionals, thanks to its powerful capabilities to create, enhance, and transform images. Moreover, its integration with other Adobe programs, such as Lightroom or Illustrator, enhances the workflow in creative projects.

This product includes a license linked to your user account. three months duration, for one PC per license.
