Description

Office 2010 Professional Plus is an older version of Office that continues to be immensely popular for being significantly lighter than its counterparts and for its compatibility with Windows Vista and XP.

It includes the main Office programs: Word, Excel, PowerPoint, Outlook, Access, Publisher, and OneNote.

Recommended for:

- Individuals who already have Office 2010 installed without a license and wish to activate it.
- Individuals or businesses with software that is not compatible with newer versions of Office.
- Individuals or businesses still using Windows XP or Windows Vista systems.
- Individuals who prefer this version of Office and do not wish to upgrade to a more modern one.
- Individuals with slower computers who need a lighter version for better performance.

Compatibility and Operating Systems:

Office 2010 is compatible with all Windows versions starting from Windows XP.

It is not compatible with Mac, mobile devices, or systems older than XP, such as Windows ME or Windows 2000.

Its system resource consumption is much lower than other Office versions, making it ideal for older systems.

Product Delivery:

This product is provided as a 25-digit digital license code. After making your payment, an email will be sent to you containing the activation code and instructions. The email will include a manual to guide you through the installation process easily, using the official system provided by the manufacturer.

Company:

Based in Hong Kong, 3Clicks International Limited reaches customers worldwide, offering original products that activate seamlessly, no matter where you are. We accommodate requests for invoices or quotes, ensuring our global clientele receives tailored support.
