Description

Office 2019 Professional Plus is an Office version that is sold as a perpetual license that can be used on both companies and home users. Office 2019 is distinct from Office 365 in that it is not an annual subscription. This license is perpetual and will never expire.

Office 2019 includes all the Office programs: Word, Excel, PowerPoint, Outlook, Access, Publisher, and OneNote.

This program has the significant advantage of not requiring payment every year, making it more economical in the long run compared to Office 365.

Recommended for:

- Businesses that need an Office version without usage limitations, but without the need to pay for an annual subscription.
- Individuals who only have one device or wish to pay once and then forget about product activation.
- Individuals or businesses looking to save money in the long term by not paying for annual program fee.

Compatibility and Operating Systems:

Office 2019 is exclusively compatible with Windows 10 and Windows 11, and cannot be installed on any other operating system.

For Mac or mobile users, prefer Office 365.

For Windows 7, Windows 8, or Windows 8.1 users, prefer Office 2013 or Office 2016.

For Windows XP or Windows Vista users, choose Office 2010.

Product Delivery:

This product is provided as a 25-digit digital license code. After making your payment, an email will be sent to you containing the activation code and instructions. The email will include a manual to guide you through the installation process easily, using the official system provided by the manufacturer.

Company:

Based in Hong Kong, 3Clicks International Limited reaches customers worldwide, offering original products that activate seamlessly, no matter where you are. We accommodate requests for invoices or quotes, ensuring our global clientele receives tailored support.
