Description

McAfee Total Protection is a software designed to block the entry of viruses into your computer system and eliminate or quarantine any viruses that have penetrated the firewall. McAfee Total Protection antivirus offers a multitude of features that will keep the files on your PC, Mac, and mobile devices safe.

McAfee Total Protection includes a variety of functions such as antivirus, firewall, and anti-spyware programs, and its security technology helps prevent the acquisition of any other unwanted programs. It also maintains privacy at all times for any program, files, and documents on your PC, Mac, or mobile device. It can be used on 3 devices, but its duration is limited to 1 year.
