Description

McAfee Total Protection is a software designed to block the entry of viruses into your computer system and to eliminate or quarantine any viruses that have penetrated the firewall. The McAfee Total Protection antivirus offers a multitude of features that will safeguard the files on your PC, Mac, and mobile devices.

McAfee Total Protection includes a range of features such as antivirus, firewall, and anti-spyware programs. Its security technology ensures that devices do not acquire any unwanted programs. It also maintains privacy at all times for any program, files, and documents on your PC, Mac, or mobile device. The software can be used on up to 5 devices, but it is valid for 1 year.
