Description

Office 2016, like Office 2019, is a version of Office that is activated permanently without the need to make periodic payments.

It includes the complete Office suite: Word, Excel, PowerPoint, Outlook, Access, Publisher, and OneNote, which are the core programs of Office.

Office 2016 is ideal for those who do not have Windows 10 and wish to install Office without paying annually, as it is compatible with all versions of Windows from Windows 7 onwards.

This Bind Key version is distinct in that it allows for the easy transfer of your license to a new device.

Recommended for:

- Individuals who wish to activate the original Office 2016.
- Businesses or individuals in need of software that is not compatible with Office 2019.
- Companies looking to install the same version of Office across all their systems, regardless of their Windows version.
- Individuals who prefer this version of Office over others.

Compatibility and Operating Systems:

Office 2016 operates on all Windows versions from Windows 7 onward.

If you use Mac or mobile devices, we recommend Office 365.

For those with Windows XP or Windows Vista, Office 2010 is a better choice.

It requires the same amount of system resources as Office 2019.

Product Delivery:

This product is provided as a 25-digit digital license code. After making your payment, an email will be sent to you containing the activation code and instructions. The email will include a manual to guide you through the installation process easily, using the official system provided by the manufacturer.

Company:

Based in Hong Kong, 3Clicks International Limited reaches customers worldwide, offering original products that activate seamlessly, no matter where you are. We accommodate requests for invoices or quotes, ensuring our global clientele receives tailored support.
