Description

Office Home and Business 2021 is the permanent version of Office recommended by Microsoft. It is characterized as the only permanent license we offer that works on both Windows and Mac, making it ideal for businesses requiring a reinstallable license that allows for switching between Windows and Mac devices.

Compatibility:

This license operates on Windows 10, Windows 11 devices, and on Mac devices starting from Big Sur. It does not function on versions prior to these. In such cases, we recommend Office 365 instead.

Allows reinstallation (moving the license from one device to another)

Product Delivery:

This product is provided as a 25-digit digital license code. After making your payment, an email will be sent to you containing the activation code and instructions. The email will include a manual to guide you through the installation process easily, using the official system provided by the manufacturer.

Company:

Based in Hong Kong, 3Clicks International Limited reaches customers worldwide, offering original products that activate seamlessly, no matter where you are. We accommodate requests for invoices or quotes, ensuring our global clientele receives tailored support.
