Description

Windows Server is the version of Windows adapted for use in server environments. These versions, while based on Windows, offer enhanced security and features designed for continuous and remote use.

Windows Server 2012R2 Datacenter differs from the "Standard" version in being optimized to run virtual machines.

Recommended for:

- Businesses that require a Windows-based server instead of a Linux-based server.

Compatibility:

Windows Server is compatible with all professional servers on the market. It will also be compatible with the vast majority of standard desktop PCs.

Product Delivery:

This product is provided as a 25-digit digital license code. After making your payment, an email will be sent to you containing the activation code and instructions. The email will include a manual to guide you through the installation process easily, using the official system provided by the manufacturer.

Company:

Based in Hong Kong, 3Clicks International Limited reaches customers worldwide, offering original products that activate seamlessly, no matter where you are. We accommodate requests for invoices or quotes, ensuring our global clientele receives tailored support.
